Eusan Mahatab
Computer Science Student

Mahatabeusancc@gmail.com   347-479-8358   New york city, NY   linkedin.com/in/eusan-mahatab-a3b523245

Computer Science student at CUNY Queens College with a passion for front-end development and problem-solving. Skilled in HTML, CSS, JavaScript, and React through CodePath's Web Development program. Currently expanding my expertise in advanced web technologies, Git, Node.js, and databases via The Odin Project. Seeking tech-related internships or part-time roles to apply my skills and grow as a developer.

SKILLS

- Advanced: Java, Git, HTML/CSS, javascript
- Familiar: c++, python, react

PROJECTS

InternPing.

- Built a website that makes it easy for students to search through internships in a 'tinder' like swipe.
- Used Figma to make the wireframe and Canva to build the personalized internship cards.
- Used HTML, CSS and javascript to code it.
- Github repo: https://github.com/eusan-dev/InternPing01.git
